Ever see a Giant Sloth? Maybe a Mammoth? Now before you get the idea I've gone off my rocker, let me explain. Those are animals that lived over 15,000 years ago. That's even before television. You can't see them in flesh, but you can view the actual pits where their bones were found. La Brea Tar Pits in Hancock Park on Wilshire has produced the richest collection of prehistoric remains in this part of the world. You can see all this and more by taking RTD Line 83 to Wilshire and Curson Avenue. Many connecting lines cross Wilshire Boulevard providing service from all parts of the city. Suburban lines entering Los Angeles are within walking distance of Wilshire Line 83 running west on 7th Street.

If you're looking for the "unusual" to show Aunt Minnie or Cousin Fred, you might keep in mind the shortest railroad in the world. This unique railway runs 315 feet up a hill, makes over 500 trips a day and costs only a nickel to ride. Who said a nickel wasn't worth anything any more? Located on Third and Hill Streets in downtown Los Angeles, Angels Flight is easily reached from almost anywhere by RTD bus. From San Fernando Valley, the 35 and 93 Lines stop right by it. Check the downtown section of the RTD system map for connecting lines.

I will have more to say later about the New Year's Rose Parade, but it's not too early to start thinking about it. When a million and a half good folks converge on a city like Pasadena, that's what is called "planned confusion." Now you can be one of the smart people if you let RTD take you to the Parade. This year, like other years, RTD will offer augmented regular service and plenty of special service. Watch this column for more details.

Q. We live in a new housing project near Avalon Boulevard and Carson. Is there a bus I can take to the area in San Pedro where Ports of Call Village is? Mr. B. J.

A. Yes, there is. The Ports of Call area is about 20 minutes away from where you live. Take the 37 Line marked San Pedro and ride to the end of the line.

Q. Can I get to Hughes Plant on Century Boulevard near Aviation Drive from Hermosa Beach? I will take the bus to work if it's possible. R.T.

A. The RTD 51 Line will take you to World Way at International Airport where you can catch the RTD 100 Line going east on Century Boulevard. This line passes in front of Hughes. I'll send you the proper timetables with your map.

Q. Is there any service from Santa Monica to Redondo Beach? I have one of your system maps and no bus line is shown that goes all the way. Miss L.B.

A. Western Greyhound has a local operation that serves that area. A call to them in Santa Monica will solve your problem.

Q. How long does it take from Manhattan Beach to Westchester? I will be making the trip five days a week. I work in a store near La Tijera and Sepulveda. Mary R. J.

A. Allow yourself about 30 minutes each way on the 51 Line. I'll be sending you a timetable with your map and monthly pass information too.

Send your questions to transportation editor, Artie Dee, care of this newspaper. All questions will be answered in this column or by mail. A system map will be sent free to each person submitting a question—or call 747-4455 for detailed information.
